# Called to Influence Workbook

**KAREN KIRCHER**

- “A few are called to serve God by working full time in his Church. The rest of us are called to extend his dominion into offices, schools, hospitals, factories, logistics hubs and other workplaces around the country and the world. If that’s you this course will inspire and equip you.”

Peter van der Sluijs, Managing Director, Neesham Public Relations Ltd and co-ordinator for Chiltern Christians in Business.

- How you live, daily as a Christian, including the many hours spent at work, matters to God. The group training series is designed for use by any Christian group, whether church or work-based, learning together how to stand united as influencers for God’s Kingdom.

Six training modules, each containing a welcome and introduction/reflection, online training video, discussion, learning review and time for prayer.
