

It's Going To Be OK

CHUMI LAKSHMI SINNANCHETTY

- For many women today, trying to become pregnant has meant much heart-ache, pain and emotional turmoil.
- Chumi Lakshmi and her husband were searching for answers. Four months after they got married, God promised them a son. But for five long years following their marriage, they were still longing to have the child that was promised.
- This is her account of how God sustained her during those years. In this heartfelt and deeply personal documentation of life, her hope is that by reading her story you too will find answers and have courage as you wait for your long-awaited child and that you will encounter God through the process.

AUTHOR BIO

As a Medical Genetics and Psychology postgraduate from the University of Glasgow, UK, Chumi Lakshmi wears many hats; she is a team leader at work, a gifted writer who is passionate about serving God, and most importantly a daughter, wife and mother. Chumi is a globetrotter who migrated halfway across the world from Malaysia to Glasgow and now settled in Bristol. *It's going to be OK* is Chumi's first book.
