Let the Healing Begin

JEANNIE MORGAN

- Many of us have been wounded by past events that leave us hurt or haunted by shame or guilt.
- Jeannie Morgan points us to a living saviour, Jesus, who graciously gives us now what we lacked in the past so that we can go forward into the future with him.
- This book is a tool to help us work through pain over a period of time - doing the exercises, stopping and asking the Holy Spirit to come and minister, so that we can begin to make positive choices for the road ahead.

AUTHOR BIO

Jeannie Morgan has been ministering to the broken-hearted for 25 years. She has been part of the Soul Survivor Watford Church leadership team since the church began and has a passion to see the church of all ages setting the captives free. During the last ten years she has travelled in the UK and abroad, training up youth groups and church congregations in both the healing ministry and leading workshops in ministry in the power of the Holy Spirit. Jeannie is a seminar speaker at the Soul Survivor national and international festivals.
