CSB Gospel of Matthew

CHRISTIAN STANDARD BIBLE

- This Matthew's Gospel is the first in the Inspiring Grace Series using the Christian Standard Bible translation (CSB). It's been especially designed to be accessible and dyslexia-friendly, allowing everyone to go straight to the heart of Matthew's account of Jesus' life.

The Inspiring Grace series features the ground-breaking dyslexia-friendly typeface called Grace. This unique typeface was a joint venture over many years between 2K Denmark and Sarah Grace.

- It was then further developed in collaboration with Cambridge University. This has opened up a new world of awareness around the need and desire for a typeface that eases visual stress for every reader.

The Grace Dyslexic Typeface has proven to be revolutionary due to its defined unique spacing and shape of characters. Each letter is weighted at the bottom and has detailed differences that subtly ease its identification. As the publisher, we believe it's a privilege to bring God's Word into people's lives, especially for those who may not have had the blessing of reading the scriptures so easily before.

AUTHOR BIO

The CSB is a Bible translation for everyone.

A Bible translation that new believers can understand and one that every believer can turn to for lifelong discipleship. A Bible you can share with anyone you meet, no matter their background and teach from with confidence.

A Bible clear for young children to understand and accurate for your personal study
