

The Transforming Principle

JOHN LOTZ

- In a world focused on selfish consumption, how can Christians seek to experience life to its fullest? After connecting deeply with a verse in Acts 20, John Lotz discovered a principle that transformed and continues to transform, his Christian thinking and living. From this, John believes Christians can find what it means to truly run the race set before them and run it well.
- Packed with personal experiences and biblical insights, The Transforming Principle shows how to move a static existence to an everyday, joyful experience of God's love, blessings and grace.

AUTHOR BIO

John Lotz is a former Consultant Surgeon and Medical Director at the County Hospital in Stafford, England. He has also spent many years teaching the Bible, particularly to young people at camps in England and Romania. He continues to be involved in surgical teaching on both sides of Europe and is a university Professor in Romania. He has also lectured there on C S Lewis and for the 500th anniversary of the Reformation.
