The Unveiling

DAVID FELLINGHAM

- David Fellingham contends that the Book of Revelation draws the prophetic purposes of God together, with over five hundred allusions from other parts of the Bible and it is the Bible itself which interprets this amazing book, not world events.
- However, we can understand the events that are happening in our world through the prophetic lens of Revelation, and as we do that, we can grow in our faith that even with such devastating events like wars, natural disasters and pandemics, God is totally in control. He has an unfolding plan.
- As we Christians cooperate with King Jesus in the power of the Holy Spirit, we will see the Father's plan fulfilled. *The Unveiling*, brings a perspective to answer to the many questions David has been asked during over 40 years as a Christian leader.
