Coming Out Gold

ROB JOY

- Do you struggle with impure sexual thoughts? Would you like to be free?
- *Coming Out Gold* uses the analogy of the refining fire removing the impurities of gold. God is trying to get us to see our value in Him. We are pure gold to God because His blood removed all of the impurities in our lives and made us a brand-new creation in Christ Jesus.
- The more we believe we are impurity-free then the temptation to return to the things that make us impure fade away.
- *Coming Out Gold* is primarily about us, realising the eternal and significant value we have in God.
