Living in Sonship

HENK BRUGGEMAN

- Henk Bruggeman contends that the church will only be completely transformed when we are prepared to trust Him in absolutely everything, that is, when we move from independence to total dependence. Only when we receive this new revelation of the Father heart of God, can we truly experience a place of deeper, more personal intimacy with the Father.
- This book will help us discover who God the Father truly is and also the 'yet to be' discovered potential in us.

AUTHOR BIO

Henk Bruggeman has been associated with Youth with a Mission for many years. From 1994 the revelation of the Father's heart of God radically changed his life. Henk and his wife Anneke now lead the Father House Movement, through which they bring the revelation of the Father's heart to God in more than 13 countries on 4 continents.

ENDORSEMENTS

'Henk Bruggeman has done an incredible job in bringing to us his revelation on what it truly means to live in freedom as a son as opposed to the opposite which is living in bondage as a slave. This is not just another book on the subject, in fact it is probably the clearest revelation that I have read on this topic. I myself am an expositor on what it is to walk in intimacy whilst experiencing the love of the Father and as a result have felt that I had received some deep revelation over the twenty plus years that I have shared on this subject but to my delight and amazement I have been taken deeper into the heart journey by Henk's own experience and personal walk with 'The Father' and in that respect it is a must read for everyone wishing to experience 'The Father Heart Of God' as they did their spiritual conversion - it will change your life forever!'
